VOL. 32, NO 37 — CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. — FRIDAY, MARCH 11, 1927

California Ranch News

It is estimated that about 220 acres in the Porterville district has been planted to spinach this year. Most, if not all, of the crop is to be used for canning.

In spite of the fact that 1926 was not considered to have been a good grain year in Kings county, the value of the cereal crop of last year is given at close to $2,000,000.

Five cars of hogs from forty consignors were sold at the last auction sale of the California Farm Bureau Marketing association at Tulare. They brought a total of $9,393.42.

Ventura county farm lands are well saturated with moisture and the farm advisor reports that sufficient saturation has taken place to make preliminary irrigation unnecessary.

For the first time in the history of the Imperial valley a full car of carrots rolled to market from Brawley recently. The valley area in carrots is said to be 225 acres, which is about double that of previous years.

The harvesting of the Island spinach crop started about March 1. Practically the whole cannery run will be from the Island community. The boys of the agricultural club have fifteen one-acre plots in the spinach competition for prizes offered by the Kings County Packing Company.

For many years fruit was the principal money crop of Kings county, but although the fruit crop was large and prices were high in 1926, county farm bureau statistics indicate that dairying came first, with returns amounting to $5,500,000 last year. Fruit took second place, with returns of $4,550,-239.

It is announced that Gamboge Majesty Red Feather, a Jersey cow in the herd of Ferdinand R. Bain near Palmo, has completed a year's official test in which she yielded 648.27 pounds of butter fat in 12,920 pounds of milk at the age of four years and nine months. Her milk averaged 5.02 per cent butter fat.

Figures just released by J. C. Griswold, county sealer of weights and measures of Kings county, show that the value of dairying to this county for the past year increased over three-quarters of a million dollars over 1925. A gain in butterfat production of about 700,000 pounds was also experienced.

The heavy rains which began falling on February 14, were of great benefit to farmers and orchardists at Owensmouth. There was some damage by flood waters, but the thorough soaking of the ground and the filling of the Chatsworth reservoir are worth far more than the losses sustained through the storm.

C. F. Fuller, Oro Loma, has had an experience in cattle disease that is baffling the veterinary surgeons. The cattle were put on heavy new grass and in a short time went blind and milled about constantly and would not eat. Forty-five head have died. Trucks from the reduction work have hauled the dead animals away.

An extensive study of soil from the Chico district has been conducted during the last few months by the division of plant nutrition at Berkeley, to determine the cause of prune die back. Thirty tons of soil were used in the study by D. R. Hoagland, associate professor of plant nutrition and chemist in the experimental station.

Grape growers of Imperial, Coachella and Palo Verde valleys are much pleased with the agreement reached at the recent state meeting of grape men held at Fresno that grapes produced in these districts may be shipped when they have a sugar content of 17 per cent, while grapes from other parts of California must have 18 per cent sugar content.

Dr. J. P. Iverson, chief of the state division of animal industry, observed that there is "more class to the chickens coming into California these days," but he didn't mean what some persons may think he meant. He merely stated that careful state inspection of 707 carloads of poultry arriving at San Francisco, Oakland and Los Angeles from other states during the last twelve months has resulted in introduction of a high standard of birds and prevented spread of diseases which would cause heavy losses to poultry producers.

Blossom Time Nears

Courtesey San Jose Chamber of Comerce.

Within Two Weeks Blossom Time Will Set the Billowy Stage for the Annual Saratoga Blossom Festival When Visitors from Over the Whole State Will Come to the Santa Clara Valley.

Golden State
News of Interest to All

Mrs. Martha Whiting, 83, who crossed the plains by ox train in 1858, died at Burlingame recently.

Thirty-five new wells have been started in Kern oil fields during the first five weeks of 1927.

Emerson B. Herrick, Lodi, has just been notified of his appointment as postmaster at Lodi, for another four years.

Decision to hold the annual Red Bluff roundup on April 23 and 24 was reached at the annual meeting of the Red Bluff Roundup association.

Fresno was selected at the 1928 convention city of the California Retail Clothiers' and Furnishers association at its closing session in Los Angeles.

The sum of $200 has been voted by the Delano city trustees for materials for street markers. Civic organization will do the work of placing the markers.

Charles Rigigns, said to be the oldest Indian in California, died recently at Upper Lake at the age of 108. His wife, who died a few months ago, was 112 years old.

Plans are practically completed and work is to begin within the next three weeks on construction of a $350,000 theater, store and broadcasting building at San Bernardino.

Bankers of California will attend an agricultural short course for bankers at the college of agriculture of the University of California at Davis, April 8 and 9, 1927.

Visiting officers and members from practically every Elks' lodge in the San Joaquin valley, attended dedication of Tulare Elks' new $50,000 clubhouse a short time ago.

Architects are preparing working drawings for a school building for the Redwood City grammar school district. It is to be erected in Redwood City at a cost of about $150,000.

The Pacific Gas and Electric company plans to expend $2,849,381 for new construction and maintenance in the San Jose division, comprising San Mateo and Santa Clara counties.

By a vote of 80 to 12, the residents of Linda School district, Yuba county, favored the issuance of $15,000 worth of bonds, at a special election for the construction of a new school house.

Architects are completing plans for a four-story brick hotel and store building to be erected at Sacramento. It will contain 114 rooms with baths. The structure will cost about $200,000.

More than two hundred poultrymen and their guests attended the annual meeting of the Porterville Poultry association, held at Porterville, recently. A banquet preceded the business of the evening.

There is always room for something new and this year's flower novelties are being led by a new sweetpea, which has been christened Del Monte. It is a California origination developed by one of California's best known seed growers. tI derived its name from California's famous hotel, where the Pacific Coast seedmen met in their first annual convention last May.

Robert Lindgren, Woodville, has just completed the pulling of his grapes, preparatory to farming the land to alfalfa or grain. Lindgren has been unable to sell his table grapes the past two seasons, and considered his ground and time wasted.

P T A REPORTS HEA D

The regular meeting of C. U. H. S. Parent and Teacher Association was held on Tuesday at the home of Prof. and Mrs. Cramer. Reports were given of the recent meeting of Foothill Federation at the new Fremont High School in Cupertino, and of the sixth district meeting at Paso Robles, also the Santa Cruz Federation meeting at Santa Cruz, Monday, March 7the. The president Mrs. Merrill, attended these and recommended that all who can should keep more in touch with the higher branches of the organization. In that way local chairmen will learn what their duties are for themselves, aside from deriving a personal benefit from contact with women trained in child welfare work.

Incidentally you will see many fine new high school buildings, such as Mt. View, Fremont, Los Gatos, Salinas, Santa Cruz, San Jose and many gather advice which will be helpful when it comes to building one of our own. It is well to see where our taxes are going and how much more commendable to pay them for fine school buildnigs than for corrective institutions known as "reform" schools. In one case the preventive methods are dominant in the other corrective or cure. As the old saying goes, "An ounce of prevention is worth a pound of cure."

Reports of local chairmen are expected by the Federation chairman not later than March 19th. Keep a copy of same for the local association. Watch papers for further notices.

CLASS PARTY

The Sophomore class had their first party of the year, the evening of March 2nd, in the community hall. The evening was spent enjoyably in games and dancing. A very amusing game was played with the pictures of movie stars. These were pinned on each one's back. The one guessing four pictures first was awarded a prize. Later in the evening very appetizing refreshments were served and when the time came to go home, all left wishing for another party soon.—Annette Merrill.

New Golf Course

Campbell is to have a country club and 18-hole golf course at its very door in the near future. Col W. B. Maxwell of Los Angeles a promotor of country clubs is now laying out the links on a 122 acre ranch south of Pollard road and several greens are already being grown. It is reported that ere long a $70,000 club house is to be built on the grounds that have been so well selected and laid out.

NEW RADIO INVENTOIN

Radio fans in general and personal friends in particular for E. L. Slaght, Jr., and C. W. Birnbaum, two San Jose garage men who for the past two years have been operating the Bird and Willow Garage of that city, are rejoicing over the fact that they have invented a station Eliminator for cuting out interfering stations.

This device is small in size and neat appearing and so simple a child can operate it. It is connected in series in the ariel leadin at some convenient location near the set, and troublesome stations may be tuned out by turning the eliminator dial. It does not interfer with the operation of the set in the least.

It will operate on any crystal or tube set and will eliminate any station regardless of wave length, power or location.

The eliminator is the result of months of experimenting and is absolutely guaranteed to give satisfaction.

The Kimball Radio Stores of San Jose, Fresno and Stockton and The Service Radio Company of San Francisco are handling this eliminator. And in a short time it will be found in use in every city of any size in the U. S.

The two young men have applied for a patent under the name of the Ed-Ce Eliminator; it being a clever combination of the given names of the two partners. It is a complete departure from the usual radio laws governing this type of work and is being manufactured entirely by them in their own shop at the corner of Bird and Willow Streets, San Jose.

MORELAND CLUB

The Moreland Good Will club held its regular meeting March 2nd with Mrs. J. Boden of Payne Avenue, sixteen members and one visitor present. It was annual election. Three members elected to serve on the board for two years, were Mrs. Geo. Payne, re-elected, Mrs. Van Every and Mrs. Brown, the two remaining officers to serve one more year are Mrs. Anderson and Mrs. Zettle.

Miss Cassidy gave a most interesting paper upon "Old Missions." During the social hour dainty refreshments were served by the hostess assisted by her daughter. Adjourned to meet with Mrs. Harison on 24 Buena Vista Avenue, March 16th.

The new board held a short session and announced officers for year 27 and 28 to be: Pres., Mrs. Payne; Vice-Pres., Mrs. Anderson; Secretary, Mrs. Van Every; Treasurer, Mrs. Brown; Mrs. Zettle being director at large.

OFF FOR SING TOUR OF UNITED STATES

Richard Shelley, who is attending the University of California and is a member of the Glee Club was one of twenty-eight selected from the club to go on concert tour. They left Berkeley last Friday for Salt Lake City, where they sang in the Mormon Tabernacle. Their itinerary includes the following cities in most of which they will give a concert. From Salt Lake to Denver and Boulder Colo., Chicago, Washington, D. C., New York City, Boston, Buffalo, Detroit, Los Angeles and back to Berkeley Sunday night, March 20th.

At Washington they are scheduled to be received by President and Mrs. Coolidge, and in New York they will sing in the glee club prize contest.

As Richard says, "I will get to hear the greatest glee clubs in the United States, and maybe I'll be singing in the greatest."

California would certainly feel highly elated if her club won the prize, but it is proud of them anyway, and Campbell friends extend congratulations to their represenative.

NAT'L FORESTS ARE STUDY OF CLUB

The subject of National Forests and Parks which was the subject considered at the meeting of the Country Woman's club Monday was proved to be very interesting.

Mr. F. H. Cutting, very graciously displayed his group of beautiful studies made in the Yosemite last summer giving a few words of explanation concerning each.

Mrs. Hubbell, the chairman read an interesting paper on the National Forests, the regulations governing them, and their use by various industries. The great wisdom and the advantages of their creation were clearly shown.

Mrs. H. C. Smith, who had been asked to substitute for Mrs. W. S. Shelly who was unable to be present, read a short poem in honor of the forest ranger, entitled, "The Forestry Guy."

Mrs. J. D. Blaine sang a forest conservation song, appropriate to the program and the day, which was California's Arbor Day. Mrs. D. H. Cramer acted as her accompanist.

Mrs. Cramer was to have spoken on Yellowstone Park but other duties called her away, and Mrs. Smith read a brief description of a few of the parks and the requirements which a place must have before Congress will make it a National Park.

Mrs. A. W. Johnson concluded the program with a few paragraphs about National Monuments and interesting bits about a few of them. Muir Wood and The Pinnacles being of local note.

The room was beautifully decorated with masses of greenery of various kinds which Mrs. Shelly had sent from her mountain home at Ben Lomond.

C. OF C. MONDAY NIGHT

Chamber of Commerce meeting at Community hall Monday evening. Important business will be considered and a full attendance is desired. A feature of this meeting will be the showing of moving pictures of old settlers and other local men and women. Herold Morton took the pictures on Old Settlers day and at one of the Kiwanis luncheons.

The Campbell Library has been enriched by the gift a valuable volume entitled "Animal Life in the Yosemite." The book which is very beautifully illustrated with color plates and half tones is the work of two university professors and was presented by Dr. W. W. Campbell, president of the University of California.

BIG GLASS JOINS ORCHAR CITY GRANGE

A class of 14 was put through the first and second degrees at the grange Tuesday evening. This is the first time the full work of the first two degrees of the grange has been put on by the drill team for a long time. The work is very beautiful and was enjoyed by a large attendance. The lecturers hour followed with a short play of a very amusing character and music by the new grange orchestra, which was a very pleasant inovation and highly appreciated. The orchestra is composed of Messrs. Carey, Peterson, Anson, Hagen, Keesling and Mrs. Barnes.

Mr. Weisendanger reported on the work being done to have an experimental station re-established in this county. The county being so largely devoted to fruit which is subject to an increasing number of insect enemies and fungus diseases is very much in need of a station right here in our own valley which would afford the most prompt relief possible to the growers.

Mr. Myers of the legislative committee, gave a very careful review of proposed laws affecting the farmer in various ways, with recommendations which were mostly adopted by the grange after some discussion.

At the next meeting, March 22, there will be a harvest feast at 6:30 p. m. followed by the third and fourth degrees exemplified by the drill team.

The first meeting in April the 12th is the twenty-fourth anniversary of the grange and a special celebration is being arranged at which it is expected all of the past masters, twelve will be present.

On March 5th, Genevieve Davis was hostess at a party given in honor of her 7th birthday. Saint Patrick colors were used both in room and table decorations. After a good time at games, dainty refreshments were served. Those present were Clarabell Weeks, Doris Flower, Juanita and Muriel Knowles and Genevieve Davis.

KIWANIANS PLAN TO 'GET IRISH UP'

Kiwanians who missed the talk of Dr. A. E. Osborn of Los Gatos on the "Under-privileged Child" are the loosers. He cited a number of cases that had come under his observance that had proved the out growth of adverse conditions under which the child had grown. Dr. Antrim has been for years on the juvenile court advisory board of this county and has had considerable experience. Many corrections may be accomplished by proper environment and suitable occupation.

The Kiwanis movement for the under privileged is a most worthy one and when there are no under privileged children, the problem of the crime wave will be solved.

Hal Tuttle, chairman, recited a hand made poem that netted a neat sum for charity as each member was advertised.

Rawhide Hyde announced an attendnace compaign with three teams captained by Ira Abbott, Abie Gilson and Mark Purmort. At the end of the eight weeks go the winning team will be the guests of the two losing teams at a stag dinner.

Abie Gilson will occupy the throne next week and its sure "you'll be afther havin' to pay" for some of those jokes on him in the past. Bring your Irish joke or its one on you.

Mrs. C. H. Whitman had as a recent guest, Mrs. Emma Austin of Cetnerville, S. D., Mrs. Austin, who has spent the past year with her son at Vallejo, had been visiting in Salinas.

M. E. CHURCH
W. C. Robins, Paster.

Sunday, March 13th, Dr. Tully C. Knoles, President of the College of Pacific is with us on Saturday night at 7:45 for a popular lecture on Russia and will also preach at 11:00 a. m. Sunday. It is only once in a great while we get an opportunity of hearing a eraveller, Educator of popular lecturer. Silver offering on Saturday night.

Pastor Robins will preach Sunday night at 7:30. Topic "Conquered by Vision of Mood Purity." Wednesday night the 16th the Wright Players will put on for us a Christian Pageant, "The Shadow of the Cross." It is great. Plan to be present. Our Annual Roll Call dinner and fellowship the first week in April.

Ladies Aid will meet Thursday the 17th.

TAKEN UP—Brown & Black Police Dog Pup. Owner prove property and pay expenses. Call at next to Campbell electric sub-station on Central Ave. 3x

One way to put our relations with China on a firm footing is to get our feet off of her domain.

CONG'L CHURCH

Next Sunday morning at 11 a. m. a special sermon will be preached by Mr. Bennett entitled "The Beauty and Danger of Conciliation." Amidst the confusion today in so many realms of Thought, we need to examine the basic principles Children's talk during the service. "The Land of Near Enough." Children's nursery for convenience of parents during the service. Evening service at 7:30 until 8:15. Subject of talk "Mind your own Business." All friends are asked to remain for a few minutes after the service for refreshments and social 8:15 to 9:00. Everyone is welcome.

CHURCH NOTICE

Mrs. Mae E. Frey ordained Baptist minister, and evangelist, who held a successful campaign with the First Baptist church of San Jose two years ago, and who is now holding Revival Services at the Upper Room Mission 4th and San Antonio Streets, San Jose, will be at the Odd Fellows Hall, Campbell, at 8 p. m. Saturday, March 12th. A most hearty invitation is extended to all.

KNOW YOUR CAMPBELL
(By An Observant Itinerant)

It's surprisin' how many of th' folks livin' er existin' in Campbell don't know nuthin' about it. Fer instance, I ast a promnint citzen if he recollected whar th' first pust offis wus, if eny, an' he says, No, th' mail sistem warnt invented when he wus borned. An' he lookt it, two.

Then I rambled round to th' bank an' ast that feller behind th' bars if he wusnt right to hum, an' he says Yes, th' bars is all right, only we ain't got no brass rails in front, ner no steel saws behind, an' it takes right smart o' imagination to fell to hum here. This feller handles more money and has less then eny other human bein' cept ourselves. Th' only thing that ain't right about a bank is, th' "Teller" ought always to be a woman. A woman can tell more an' tell it quicker than most men, an' cept this pepper.

Agin, I'll wager nobudy knows who th' oldest pioneer's great-grandfather wus, if eny, an' whar he is now, if enyplace. Shucks, you don't know nuthin' 'bout th' histry of yer town like y' ought. Take th' schools: they don't teach nuthin' enymore cept how to git out if a fire starts an' to remember which hour in th' day school is held. Why, when I wus a child we had to carry lanterns to an' frum school, an' they wasn't 'lectric lanterns neither.

Then agin, who knows how much an' why th' editur of this pepper worries? That's somethin' ought to be investigated. Worry an' work combined have kilt more editurs than there ever was editurs, real ones. But th' world ain't interested only in results, an' them an' addin' machines an' tax collectors is the only things in this wurld that counts.

But somethin' ought to be done about th' histry of Campbell all 'cept writin' it. An' facks, sich facks as pertnint to th' ever-day life o' th' people ought to be bared to th' waitin' wurld.

Now we could go on fer a couple colyums yit 'bout th' needed reforms fer Campbell but it ain't always good to rouse th' people too much at wunst, cause they might git busy an' do everything this year an' have nuthin left to look forward to, or to base th' 1928 campaign on, dernit. This colyum may er may not be discontinued, dependin' on th' temper o' th' people an' th' disposition o' th' editur. In th' mean time, do a good turn fer yerself, daily, er why not?

A NEWSPAPER ANALYZED

The editorials and items in a newspaper are either interesting, enlightening, instructive or amusing according to their context. The advertisements in a newspaper are generally profitable, educational, informative and opportune according to their nature and subject matter. Both classes of reading matter help in their particular field to represent the civic, moral and economic aspirations of the community. Anything more expected that this shows a less appreciative public; and anything short of this is not a good newspaper, unless it constantly seeks to reduce its shortcomings.

California Prunes Advertised Abroad

The California Prune Producers national advertising campaign and accompanying contest are bringing big results.

The delicious food and health qualities of this California product have been the main subject of the advertising. The contest, to date, has brought in letter returns at the rate of more than one thousand a day. Every state in the Union has been heard from, in addition to nearly a dozen foreign countries.

The food brokers, wholesale grocers and chain store buyers throughout the country have expressed enthusiasm for the advertising campaign and report that it has acquainted the consumers of the country with the merit of California Prunes.

C. J. Eastman of N. W. Ayer & Son, who has been touring all of the big Eastern markets, reports that the enthusiasm has been wide-spread among the trade. Here are some of his reports which are received daily from the various centers which he visited.

"Splendid meeting held today in Philadelphia with executives and representatives of wholesale firms. Enthusiastic support promised prune campaign and additional sales efforts on retail customers pledged by sales managers and executives present."

Here is what he wired from Buffalo:

"The California Prune advertising meeting in Buffalo was declared to be the most representative gathering of food merchandisers ever held in this market. All present pledged their support."

Here is how the advertising increased the sales of a grocer in Minesota.

"Owing to the elaborate advertising campaign I have increased my sale of California Prunes fully thirty per cent, as I find by discussing the contest with my customers I get them to includes prunes in their orders and no doubt their entry into the contest."

NOTICE OF ELECTION

Notice is hereby given than an election will be held by the voters of the Campbell Fire District (bounded and described by that certain instrument filed on the 20th day of February, 1918, in the office of the County Recorder of Santa Clara County, at San Jose, California) on the 4th day of April 1927, at the Campbell Fire House, for the purpose of electing one commissioner to serve for the period of a three year term.

Polls open at 12 o'clock noon and close at 5 o'clock p. m.

R. W. Kennedy, W. T. Alexander, L. M. Beall, Judges.

E. C. Merrill, Horace Lee and W. H. Stray, Board of Fire Commissioners of the Town of Campbell.

STATE ROAD MILEAGE

California roads total 77,000 miles, according to the California State Automobile Association, including State and county roads.

BRAKE INSPECTION

Safety is insured by brakes in good working order. The California State Automobile Association advises frequent inspection.

The Census Bureau says America is growing more than a million a year, but we don't know whether that means plain people or suckers.

FOR EDUCATION

How much does it cost to send a son or a daughter to college? Six hundred dollars a year? Nine hundred? Whatever the cost, it is a heavy burden if it must be carried from the current income of a family of moderate means. Systematic saving over a period of years lightens the load. $10 dollars a month deposited ed in an American Trust savings account, will produce in fifteen years $2,462—enough for four years in college at $600 a year; $15 a month in in the same time will produce $3693—enough for a college education at $900 a year.

Town Tales Tersely Told

C. OF C. MONDAY NIGHT

J. B. Wagner is constructing a garage on north Third street and later will build a house on his property.

The Woman's Christian Temperance Union will meet with Mrs. J. D. Sharpless, Wednesday, March 16, at 2:30 o'clock.

Mary Sue Field and Mrs. E. R. Dennis of Kansas arrived Saturday and will visit for some time with their relatives, Mr. and Mrs. Carl B. Field.

Mr. and Mrs. Earl Gard are building a stucco cottage on North Third Street, which they plan to occupy, and will rent their present home adjoining.

Mr. and Mrs. L. Gardner are recovering from a week of real flu. Lloyd wa sable to be out the first of the week but said his wife was stil confined to the house.

Miss Hannah Bannister arrived Saturday from Boston, Mass., and will make her home here for some time with her brother J. T. Bannister and family of Minna St.

Beverly Davis returned last week from San Francisco, where he had been taking a course in Dramatic Art. He is again in the L. S. Miller Store as busy as ever.

Teddy Cutting, son of Mr. and Mrs. F. H. Cutting is entertaining a case of mumps and Bobby Thompson, son of Mrs. Mabel Thompson is quarantined with a light case of scarlet fever.

Mrs. Frank Boehme and Miss Gertrude Boehme, mother and sister of Mrs. F. R. Anderson arrived Friday from Lincoln Neb., for an extended visit. Dr. and Mrs. Anderson recently moved into Mrs. Lucy Smith's house on Campbell Avenue.

Mr. N. G. Finley was the recipient of hearty congratulations Monday for his arrival at his 86th mile post. He declares he's looking toward the century mark with but fourteen laps more to do. Luck to you, Campbell's patriarch.

Mr. and Mrs. J. C. Ainsley continue to send reports of a very delightful trip, having found the sea voyage warmer than they anticipated. A letter written on Feb. 2 in Athens, Greece was enthusiastic in referring to the ancient wonders. It also told of a very pleasant visit with Rev. and Mrs. George Marsh, who asked to be remembered to all Campbell friends. From Athens the itinerary took them to Constantinople.

Mrs. A. D. Rice and son, Arthur drove over to Tulare Saturday and on their return this week were accompanied by Mrs. A. M. Jones of McMinnville, Tenn. Mrs. Jonse is a sister of Mrs. Rice and has been visiting in Los Angeles and thereabouts. From what she has seen of this section she she thinks it very much superior to the southern part.

A. E. Putman who has been assisting at the Press office for some months, was drafted this week to direct the Presbyterian endowment drive in the northwest. He will probably have headquarters in one of the big cities in Oregon or Washington beginning his work next week.

Road Master Ralph Gardner under direction of Supervisor Jos. McKinnon has built a large drain sump on south Second street where the water formerly stood. The job has proved an exceptionally good one and the drain is complete.

Mr. and Mrs. J. H. Campbell attended the quarterly meeting of the Caliofrnia pioneers of Santa Clara County last Saturday. The Hotel Vendome was the place of meeting, where a banquet was served at noon.

A group of former residents of King City visited Mrs. J. F. Wehmeyer Saturday. They were Mrs. G. M. Davison of Seattle, Mrs. L. W. Jackson and son Donald, and Mrs. J. C. Falkenberg of San Jose.

Ethan E. Lanphear is convalescing from an attack of measles. He had practically recovered the fore part of the week except for the use of his eyes.

The Campbell Grammar School third baseball team played Moreland first team Tuesday afternoon with a score of 13 to 6 in favor of Campbell.

FOR SALE BY OWNER

Modern Bungalow 5 large rooms and sleeping porch, all built in conveniences, cement basement, garage, large corner lot on Campbell Avenue and Page Street, Campbell, lot of fruit flowers and shrubbery, house is practically new, will sell for $1000.00 less than cost, terms like rent, see owner Mr. Grim. 131 California Drive, Burlingame. Boy Scouts Aid Good Will Drive

Please gather your wastes articles and have them on the curb outside your home by 9 a. m.. Saturday, March 12th.

The Boy Scouts are in a real service to mankind, in getting the names for the Goodwill Industries Salvage Drive, asking the people to gather their old clothing, furniture, stoves, newspapers and magazines and bundle them up in separate bundles, placing them on the sidewalk in front of your home Saturday morning, March 12. A Boy Scout will pick them up.

The Goodwill Industries give self-supporting work to old and handicapped people who ask for a chance to earn their living and are too proud to beg or accept charity. This class are by far the most deserving of your support, and no one need deprive themselves to assist this most worthy cause, as we are asking for your contributions in the form of clothing, furniture, stoves, shoes, newspaper and magazines and anything of possible value.

Thousands of unfortunate men and women are made self respecting and self-supporting through such contributions, and what can mean so little to you and yet so much perhaps to some one who is either crippled, too old to work, or just one of the unfortunates that need a helping hand. They ask not for charity—just a chance.

Remember the day, Saturday, March 12, at 9 a. m. (If raining place goods in a dry place.)

All this salvage will be used exclusively for the Santa Clara County Goodwill Industries plant in San Jose.

(Signed) Goodwill Industries Inc.

BOY SCOUT NOTES

There will be a new meeting place for the scouts in a few weeks. The Kiwanis Club has rented a room in the Odd Fellows' Hall for the mutual use of the Campfire Girls and Boy Scouts. This is surely appreciated, as it is very hard to fix up a public building, like our present hall, where the room is open to the whole grammar school.

The Pine Tree Patrol is still leading the patrol contest. This patrol has been reorganized and hopes to "bring home the bacon" in the contest.

At the last meeting Jack Murdock was admitted to the troop. This leaves the number in the troop 26. Six new members are needed to fill it up and any boys who wish to join should come to the Campbell Grammar School, Saturday evening at 7:30 p. m.

Teams will be chosen at the next meeting to represent the troop in the annual Scout Rally at Saratoga, on the day of the Blossom Festival. Our boys made a very good showing last year, getting several first places.

The troop is also forming a baseball team. We hope to take on some out of town troops. A team in each sport is the aim of the troop, as there is nothing so good to keep up enthusiam as a contest.

Plans are under way for a big Pep meeting, to which all parents and friends of the scouts will be invited. This will occur at an early date.—Elwood Swane.

Fiesta Exposition To Be Big Affair

Space for exhibiting purposes in the Industrial Pavilion of the Fiesta Exposition of Progress commemorating the 150th Anniversary of this section is being reserved already by many of the prominent firms in Santa Clara County.

Near the Santa Clara County Consolidated Chambers of Commerce pavilion, in which all the communities of the county are to be represented and including the pretentious Flower Show, directly in back of the extensive Historical Museum, will be the huge Industrial and commercial exhibitors.

Oliver Furniture Exchange and McKenley-Glans Furniture Company have contracted for a large space to display the famous Spark's Ranges. Standard Oil Company, Caltex Company, General Petroleum Corporation and Hartsook, photographers, have actually contracted for space. Several other firms have reserved spaces and are expected to make contracts as soon as the size of their display is determined.

Fiesta Exposition representatives interesting large firms in the Bay District are reporting excellent progress daily and it is expected that every available space will be taken.

DEPARTMENT OF JUSTICE

BOYS AND BIRDS

A small boy asked his mother the other day why it is that some birds have long slender beaks and other birds have short thick beaks. She answered, "Birds with slender beaks, such as robin, thrush, and tohee, eat bugs and worms. Birds with short stout beaks, like finches and linnets, crack seeds for the tender meats inside."

All that is true. The slender beaked birds help to rid the country of injurious insects; the stout beaked birds help to retard the spread of weeks. For these reasons most birds are protected by law.

Then, as if to reward us for being good to them, most birds have some variety of song. So nearly everybody likes birds, and they have become protected not only by law but by strong public sentiment.

However, there is one very common bird rascal. "The English sparrow," says The New Standard Dictionary, "was first introduced into the United States in 1851 and has spread over most of the States and Canada. It is destructive to grain, fruit, and blossom, and is regarded as a pest."

Another bad habit of the English sparrow is tearing to pieces the nests of other birds and throwing eggs or young to the ground. And perhaps just because he is so naughty, the English sparrow never sings.

Now, it is a good thing for boys with slings or air guns to shoot English sparrows. In doing so the boys are making life easier and happier for song birds. But parents should teach boys the difference between injurious birds and beneficial birds. To shoot English sparrows is praiseworthy to shoot a song bird makes the shooter liable to a fine.

NOTICE TO THE PUBLIC

Inquiries in regard to the proposed drive for papers and old clothing, by the Volunteers of America, causes me to issue this statement.

I personally know Mrs. Goth who is in charge of the industrial department. She is a fine woman and has co-operated with me in helping this community clean up some of its relief problems. While they are one of the agencies represented in the Chest they give away large quantities of used articles. Anything you have no use for and can pass on to these people when they call on Saturday, March 12th will fill a need, I'm sure.

Mrs. W. I. Merrill, Sec.

Reports made at the annual meetin, of the stockholders of the Home Telegraph company of Covina, recently show that the last year has been the most prosperous in the twenty-five years of the company's history

Representatives of Pantages Theater interests have been in Fresno looking over the site of a proposed $500,000 theater building. The site has been leased for a ninety-nine-year period, at a rental to exceed $1,500,000 for the period.

The annual spring flower show of Placer county will be held at Auburn, April 29 and 30, according to the announcement of the Woman's Auxiliary of the Richard W. Townsend Post No. 84, American Legion, which is sponsoring the affair.

One hundred dollars in prizes will be distributed among homes of the Lindsay district which make the greatest improvement in a given length of time, according to plans of the Lindsay chamber of commerce at part of a city beautiful campaign.

The Los Angeles Creamery company is making improvements amounting to about $100,000 at its plant in Tulare, including installation of an expensive powdered milk plant, construction of new machine shops and installation of new power units.

When Miss Ann McGoldrick of Petaluma, deputy in the office of the county clerk at Santa Rosa, becomes clerk of Department Two of the Superior Court she will be the only court clerk of her sex in the state, in the belief of the court attaches.

The Generals' Highway into Giant Forest, Sequoia National Park, will have to remain closed for a short time, according to Superintendent John R. White. Slides occasioned by the recent heavy rains and snows have been numerous. As far as Hospital Rock, nine miles inside the park line, the road will be kept open.

Goose Lake, Modoc county, is assuming its old-time form. Reports brought in by ranchers of the district are to the effect that the lake is now fifteen miles long and five miles wide and promises to become even larger before the rainy season is over. Last summer it had dwindled down until it was a mere remnant of its former self.

Specials for March 11 and 12:

Lima Beans, 3 lbs. . . 25c
Baby Lima Beans, 4 lbs. 25c
Sweet Potatoes, 2 1-2 can, 25c
Trupak Peas, 3 cans' . 53c

Stomach So Bad Can't Eat Even Fruit

"For years was badly constipated and troubled with gas after eating. Could not eat fruit and many other things. Adlerika has done me good—can now eat anything." (signed) W. H. Fletcher. Adlerika removes GAS and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in the system. Stops that full bloated feeling and makes you enjoy eating. Excellent for chronic constipation. Orchard City Drug Co.

President Coolidge vetoed the McNary-Haugen farm-relief measure but signed the bill to prohibit the sending of revolvers through the mails. This latter was a wise move: he didn't want any of our mail-order farmers to shoot themselves of despondency.

The Albuquerque Chamber of Commerce proposes to submit a bill to the legislature to change the name of New Mexico to "Coolidge." As usual, Cal will have nothing to say.

"Electricity is cheap—use more of it."

NOTICE
High School Bond Election Notice

Notice is hereby given to the electors of Campbell Union High School District, in the County of Santa Clara, and State of California, that, in accordance with the provisions of the Political Code of the State of California, as set forth in Section 1745 of said Code, an election will be held on the sixth day of April, A. D. 1927, at the High School Building in said Campbell Union High School District, at which time will be submitted to the electors of said Union High School District as one single proposition the question of issuing the bonds of the District and selling the same, for the purpose of raising money for purchasing a high school lot, purchasing and building a high school building, making alterations and additions to high school building or buildings, for insuring high school buildings, for supplying said high school building with furniture and necessary apparatus and for improving the grounds.

The polls will be opened and the election held at the said high school building in said Campbell Union High School District, on the sixth day of April, 1927, and the polls will be open from eight o'clock a. m. of said day until eight o'clock p. m. of said day. W. K. Nichols will act as inspector, and Isabel Anderson and Alda F. Blaine will act as Judges of said election to conduct the same.

The amount of bonds to be issued is $250,000.00 of the denomination of $1000.00 each, and to bear interest at the rate of five per cent per annum, payable semi-annually.

Said bonds are to be numbered consecutively one to 250, inclusive, and are to run, mature and be payable as follows, to-wit:

Bonds Nos. 1 to 5 inclusive, one year from date of issuance;

Bonds Nos. 6 to 10 inclusive, two years from date of issuance;

Bonds Nos. 11 to 15 inclusive, three years from date of issuance;

Bonds Nos. 16 to 20, inclusive, four years from date of issuance;

Bonds Nos. 21 to 26 inclusive, five years from date of issuance;

Bonds Nos. 27 to 32 inclusive; six years from date of issuance;

Bonds Nos. 33 to 38 inclusive, seven years from date of issuance;

Bonds Nos. 39 to 44 inclusive, eight years from date of issuance;

Bonds Nos. 45 to 51 inclusive, nine years from date of issuance;

Bonds Nos. 52 to 58 inclusive, ten years from date of issuance;

Bonds Nos. 59 to 65 inclusive, eleven years from date of issuance;

Bonds Nos. 59 to 65 inclusive; eleven years from date of issuance;

Bonds Nos. 66 to 72 inclusive; twelve years from date of issuance;

Bonds Nos. 73 to 80 inclusive; thirteen years from date of issuance;

Bonds Nos. 81 to 88 inclusive, fourteen years from date of issuance;

Bonds Nos. 89 to 96 inclusive, fifteen years from date of issuance;

Bonds Nos. 97 to 104 inclusive, sixteen years from date of issuance;

Bonds Nos. 105 to 113 inclusive, seventeen years from date of issuance;

Bonds Nos. 114 to 122 inclusive, eighteen years from date of issuance;

Bonds Nos. 123 to 131 inclusive; nineteen years fro mdate of issuance;

Bonds Nos. 132 to 140 inclusive; twenty years from date of issuance;

Bonds Nos. 141 to 150 inclusive, twenty-one years from date of issuance;

Bonds Nos. 151 to 160 inclusive, twenty-two years from date of issuance;

Bonds Nos. 161 to 170 inclusive, twenty-three years from date of issuance;

Bonds Nos. 171 to 180 inclusive, twenty-four years from date of issuance;

Bonds Nos. 181 to 190 inclusive, twenty-five years from date of issuance;

Bonds Nos. 191 to 202 inclusive, twenty-six years from date of issuance;

Bonds Nos. 203 to 214 inclusive, twenty-seven years from date of issuance;

Bonds Nos. 215 to 226 inclusive, twenty-eight years from date of issuance;

Bonds Nos. 227 to 238 inclusive, twenty-nine years from date of issuance;

Bonds Nos. 239 to 250 inclusive, thirty years from date of issuance.

Said election will be held in conformity with the provisions of the Political Code of California governing such elections.

Dated: March 9th, 1927.

The Officers appointed to conduct the election are:

Mrs. J. H. Bachman, Inspector; Mrs. Harry James, Mrs. Bert Young, Judges.

By order of Board of Trustees.

Mrs. Hazel Cilker,
Clerk of Cambrian School District.

GRADE CROSSING ELIMINATION

Eighteen crossings of railroads with highways at grade were eliminated in California during the past year, according to the California State Automobile Association at a cost of more than $3,000,000.

Indications for the year 1927 point to greater building activity in Hamilton Park than in the two years past. The new City National Bank building will be completed some time in February, costing about $80,000. It was announced that as soon as this bank building is completed and occupied, the Pacific-Southwest Trust and Savings branch bank of that city will move into the building now occupied by the City National Bank, to make way for a financial structure for the Pacific branch on the present site.
